Promotional Products Needs

Experience

Being in the printing industry for over 40 years, I realize **customer service** and **quality products** are of the utmost importance to our customers. This experience also gives us the **knowledge** to provide our customers with solutions that really work. *"I am proud to say we excel in all three areas."*

Quality Products

We define Quality as **"Total attention to customer specifications. Nothing less."** We don't own or operate printing presses, but work directly with several trade printers in the valley, as well as nationwide. These trade shops work only with retail printshops and brokers and provide substantial discounts. This gives you a high quality product at a very competitive price with on time delivery. *"This also gives us access to an endless variety of printed products."*

We Work For You

We not only do the shopping for the best products at the best price, we also show you how to get the most out of your printing dollar. We set up the artwork, keep complete records of all your printing, production, cost and revisions. *"No matter what your printing needs are, we have a source that specializes in that product."*

No Hassle Print Buying

We provide personal attention to our clients. We do our best to make purchasing your printing and promotional products as easy as possible for you. We'll come to your office to discuss all your printing needs, as well as deliver the finished product. We invite you to call for a quote. *"We believe that good business relationships benefit everyone involved, and that is what we strive for."*
